

Meet Erin!

- **What Disney character do you think is your spirit animal and why?**
 - I think my Disney Character spirit animal would have to be Baymax. I am very empathetic towards others and want to always make sure that they are doing well and have their needs met. I am also very loyal, compassionate, and caring like Baymax. In addition to those characteristics, I am also funny and curious to learn more about the world around me.
- **If you could have any Disney movie as your real-life adventure, which one would it be and who would you bring along for the ride?**
 - If I could choose to have the same adventure as any Disney (Pixar in my case) movie, I would choose Onward and I would bring along my brothers for the ride. Going on a journey to have just one last moment with our dad would be the ultimate adventure. This movie truly hits home!
- **What's your favorite ride or attraction at any Disney Park, and what makes it unforgettable for you?**
 - This is a tough one to narrow down, so I will have to elaborate (and cheat) a little bit!
 - My favorite classic rides at Disney World are Haunted Mansion and Living with the Land – that's an easy answer! It's the newer, more advanced rides, that makes it hard to pick a favorite. I would have to say it is a tie between Flight of Passage and Rise of the Resistance, but Tron and Guardians of the Galaxy are so close being tied for second!
- **If you could have dinner with three Disney characters (animated or live action), who would they be and what's on the menu?**
 - Oh, this is such a good one. Well of course, Mickey Mouse – the man himself! Han Solo – Star Wars still counts, right? And lastly, the Genie, so we can get some good wishes in!
 - A specialty crafted meal prepared by the beautiful and incredible chef Princess Tiana with the assistance of Remy in the kitchen.
- **Share a magical moment you've experienced at a Disney Park that you will cherish forever.**
 - My most magical moment in a Disney Park will forever be the love of my life asking me to marry him in front of Cinderella's Castle. This truly cannot be beat, but going back to visit Disney with him and spending those magical moments together in our special place is so beyond meaningful.

Meet Jessica!

- **What Disney character do you think is your spirit animal and why?**
 - Moana is my spirit animal because I have always had a deep connection to the ocean! I've loved it before I even got to experience it. Its something I've always been passionate about and I count down the days until we get to meet again. Exploring it is just so amazing you never know what you will find next! But it is a close tie with Tutter from Bear in the Big Blue House. He is a little obnoxious at times but enjoys being around his friends and having fun!
- **If you could have any Disney movie as your real-life adventure, which one would it be and who would you bring along for the ride?**
 - Pirates of the Caribbean because who wouldn't want to sail the seas with Capt. Jack Sparrow!
- **What's your favorite ride or attraction at any Disney Park, and what makes it unforgettable for you?**
 - Radiator Springs Racers when riding this ride at night it really feels like you're in Radiator Springs with the neon lights lighting up the town. OR Mickey's Run Away Railroad because it's such a fun ride for all. A crazy train conductor and our pals Mickey and Minnie come along for the ride. Its got catchy music that will get stuck in your head for the rest of the day. "Nothing can stop us now..."
- **If you could have dinner with three Disney characters (animated or live action), who would they be and what's on the menu?**
 - Tina from Princess and the Frog, Olaf from Frozen (who doesn't love warm hugs?) and Jack Sparrow from Pirates of the Caribbean. Some good Cajun food and of course Mickey shaped beignets! Ope and don't forget the rum!
- **Share a magical moment you've experienced at a Disney Park that you will cherish forever.**
 - I started my career at Bursch Travel in January of 2020. As a Disney Fanatic I of course completed the Disney College of Knowledge right away. They shortly after announced they created a new parade that would be hosted at the Disneyland Park in California. We decided to make plans to visit Disneyland that same year and then COVID happened. Flash forward to 2023 I've got plans to visit Disneyland in February and they announced the Magic Happens Parade is debuting soon. I got to be there the day it made its debut after COVID. I totally cried because it was so magical.
 - I was at Animal Kingdom with my significant other and he can't ride intense roller coasters. My favorite ride at the time was Expedition Everest and we were walking by and the line was an extended wait time. I told him its ok, I don't have to ride it. I didn't want him to have to wait for a ride he couldn't ride. A cast member overheard our conversation and asked a little more about the situation. Next thing I know he hands me a fast pass ticket(now called lightning lane) and I got to literally walk on to the ride instead of waiting for a hour+ in line. So amazing!

Meet Krisha!

- **What Disney character do you think is your spirit animal and why?**
 - Mickey Mouse! He is the star of the show and brings joy to everyone!
- **If you could have any Disney movie as your real-life adventure, which one would it be and who would you bring along for the ride?**
 - One of my favorite Disney movies was the Little Mermaid! When I was growing up I lived in the water especially the lake! My parents always said I was ½ mermaid! I loved the songs and being under the sea! I would bring my husband as Eric the prince!
- **What's your favorite ride or attraction at any Disney Park, and what makes it unforgettable for you?**
 - It is Pirates of the Caribbean hands down! I love the smell, the atmosphere and of course the boat ride! The attention to detail is amazing in that ride! Now even better with Jack Sparrow! A close 2nd is Sorcerer's Hat at Epcot just such a great feeling being able to fly over everything! Best is the end flying over Disney!
- **If you could have dinner with three Disney characters (animated or live action), who would they be and what's on the menu?**
 - I would go with Mickey, Minnie and Cinderella! Gotta have a princess in there! The restaurant that is one of my favorites at Disney Le Cellier Steakhouse and a nice steak!
- **Share a magical moment you've experienced at a Disney park that you will cherish forever.**
 - I have cherished every trip with my family that we have done with Disney either at the parks or on the cruise! One year Disney was giving wishes and we were granted a wish to ride everything at Animal Kingdom for 4 hours and no lines! It was such a great day and a great experience! Disney does everything top notch!

 - It not really sweet it is more funny.. took the boys to Disneyland and I did not think the castle would mater to them as they are boys. As we started walking down main street USA they both said Mom that is not the right castle we are at the wrong park! (I guess I should have prepped them) but we all still talk about it and when we went to Disney World 2 years later they both said now mom that is a castle.
